Senior School Certificate Examination, 2024

ECONOMICS (SUBJECT CODE -030)

 $(PAPER\ CODE - 58/4/1)$

General Instructions: -

| 1 | You are aware that evaluation is the most important process in the actual and correct assessment of |
|---|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1 | the candidates. A small mistake in evaluation may lead to serious problems which may affect the |
| | future of the candidates, education system and teaching profession. To avoid mistakes, it is |
| | requested that before starting evaluation, you must read and understand the spot evaluation |
| | guidelines carefully. |
| 2 | "Evaluation policy is a confidential policy as it is related to the confidentiality of the |
| | examinations conducted, Evaluation done and several other aspects. Its' leakage to public in |
| | any manner could lead to derailment of the examination system and affect the life and future |
| | of millions of candidates. Sharing this policy/document to anyone, publishing in any |
| | magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC." |
| 3 | Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done |
| | according to one's own interpretation or any other consideration. Marking Scheme should be |
| | strictly adhered to and religiously followed. However, while evaluating, answers which are |
| | based on latest information or knowledge and/or are innovative, they may be assessed for |
| | their correctness otherwise and due marks be awarded to them. In class-XII, while |
| | evaluating competency-based questions, please try to understand given answer and even if |
| | reply is not from marking scheme but correct competency is enumerated by the candidate, |
| | due marks should be awarded. |
| 4 | The Marking scheme carries only suggested value points for the answers |
| | These are in the nature of Guidelines only and do not constitute the complete answer. The students |
| | can have their own expression and if the expression is correct, the due marks should be awarded |
| | accordingly. |
| 5 | The Head-Examiner must go through the first five answer books evaluated by each evaluator on |
| | the first day to ansure that evaluation has been corried out as nor the instructions given in the |

encircled. This may be followed strictly.

| 8 | If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly. |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 9 | If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note "Extra Question". |
| 10 | No marks to be deducted for the cumulative effect of an error. It should be penalized only once. |
| 11 | A full scale of marks 80 (example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it. |
| 12 | Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines). |
| 13 | Ensure that you do not make the following common types of errors committed by the Examiner in the past:- |
| | Leaving answer or part thereof unassessed in an answer book. Giving more marks for an answer than assigned to it. Wrong totaling of marks awarded on an answer. Wrong transfer of marks from the inside pages of the answer book to the title page. Wrong question wise totaling on the title page. Wrong totaling of marks of the two columns on the title page. Wrong grand total. Marks in words and figures not tallying/not same. Wrong transfer of marks from the answer book to online award list. Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.) Half or a part of answer marked correct and the rest as wrong, but no marks awarded. |
| 14 | While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks. |
| 15 | Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously. |
| 16 | The Examiners should acquaint themselves with the guidelines given in the "Guidelines for spot Evaluation" before starting the actual evaluation. |
| 17 | Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words. |
| 18 | The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme. |

| (b) (i) | 'Government Budget can be a useful instrument in reducing inequalities in the distribution of income and wealth in an economy.' | |
| | Do you agree with the given statement? Present valid arguments in favour of your answer. | |
| | Ans. Yes. The government budget objective of 'Redistribution of Income' aims to bring | |
| | about equality in the distribution of income. Government can reduce inequalities of | |
| | income through taxes and public expenditure. It may impose high taxes on the rich to | 4 |
| | reduce their disposable income. Furthermore, government may incur more public | |
| | expenditure for the welfare of the poor, like providing free services etc. By adopting these | |

| (ii) | "It is necessary to generate employment in the formal sector rather than the informal sector." Justify the given statement with valid arguments. Ans. In the formal sector, workers can form trade unions and are entitled to fair wages and other social security measures. Whereas, workers in the informal sector do not get regular income. Also, they do not have any protection or regulation from the government. Many a time, workers may be dismissed without any compensation. Hence, formal sector employees are generally in a better position as compared to informal sector employees. Therefore, it is essential to generate employment in the formal sector rather than the informal sector. (To be marked as a whole) | 3 |
