नई दिल्ली में G-20 नेताओं की घोषणा का प्रारंभिक वाक्य है.... "हम एक पृथ्वी व एक परिवार हैं तथा हम एक भविष्य साझा करते हैं।"

इस घोषणा में नेताओं ने, 2030 एजेंडा तथा सतत् विकास लक्ष्यों (SDG's) को पूर्णत: व प्रभावी रूप में क्रियान्वित करने का संकल्प लिया है। घोषणापत्र में निहित नेताओं की प्रतिबद्धताएँ "हमारे आस-पास के पारिस्थितिक तंत्र के साथ सद्भाव में रहने के दर्शन को दर्शाती है"।

घोषणापत्र यह पृष्टि करता है कि, "SDG के 2030 के एजेन्डा पर सोपानपाती चुनौतियों एवं संकटों ने लाभों को उलट कर रख दिया है"

नेताओं ने यह सुनिश्चित किया कि, "किसी भी राष्ट्र को निर्धनता की लड़ाई व पृथ्वी की लड़ाई में से किसी एक का चयन न करना पड़े"।

सभी नेताओं ने निम्नलिखित के लिए कार्य करने का संकल्प लिया है:

- मजबूत, सतत्, संतुलित व समावेशी विकास में तीव्र गति;
- 2030 एजेंडा के पूर्ण व प्रभावी कार्यान्वयन में तेज़ी;
- निम्न कार्बन व पर्यावरणीय रूप से सतत् विकास पथ अपनाना;
- बेहतर, व्यापक तथा अधिक प्रभावी वित्त मार्गों के लिए सुधारों को आगे बढ़ाना।

सभी नेता, " $\mathrm{SDG}$  पर प्रगति में तीव्रता लाने के लिए  $\mathrm{G-}20~2023$  कार्य योजना के प्रभावी व समयबद्ध कार्यान्वयन के लिए सामूहिक कार्यवाही करने के लिए प्रतिबद्ध हैं; इसमें भूख व कुपोषण को खत्म करना, वैश्विक स्वास्थ्य को सुदृढ़ करना तथा स्वास्थ्य दृष्टिकोण को लागू करना तथा गुणवत्तापूर्ण शिक्षा प्रदान करना सम्मिलित है।"

- SDG की उपलब्धि में सामूहिक युद्ध के महत्त्व का उल्लेख व व्याख्या करें। (a)
- 'वन-हेल्थ' प्रस्ताव को प्रोत्साहन प्रदान करने हेतु जी-20 नेताओं की कार्य योजना की संक्षेप में (b) चर्चा करें। 3

"We are One-Earth, One Family and we share One Future." is the opening sentence of the G-20 New Delhi Leader's Declaration Statement.

In this statement the leaders pledged to "resolve to fully and effectively implement the 2030 Agenda and the Sustainable Developmental Goals (SDG's)". The leader's commitments contained in the Declaration statement reflect, "the philosophy of living in harmony with our surrounding ecosystem".

The Declaration recognises the "Cascading challenges and crisis that have reversed gains" on the 2030 Agenda of SDG's.

The leaders "affirm that no country should have to choose between fighting poverty and fighting for our planet".

The leaders resolved to act

- accelerate strong, sustainable, balanced and inclusive growth;
- accelerate the full & effective implementation of 2030 Agenda
- pursue low-carbon and environmentally sustainable development pathways;
- Pursue reforms for better, comprehensive and more effective finance avenues.

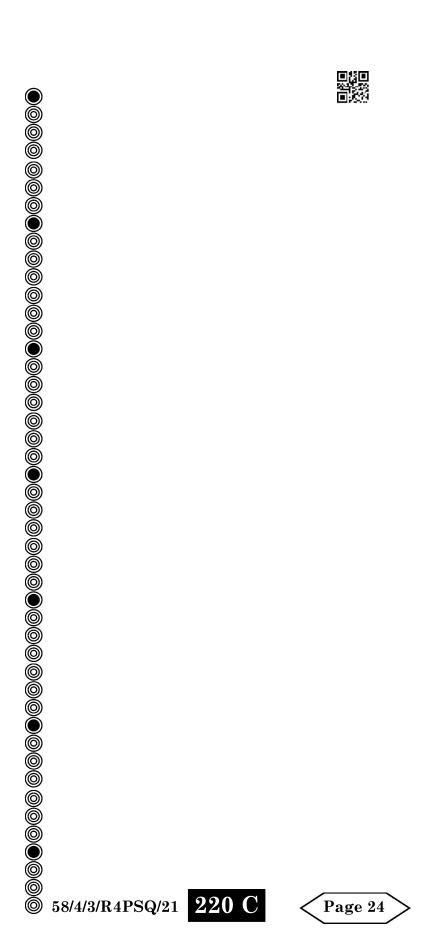

● 34. "We are Onesentence of the sentence o The leaders commit to "taking collective actions for effective and timely implementation of the G-20 2023 Action Plan to accelerate progress on the SDG's; including through actions on eliminating hunger and malnutrition, strengthening global health and implementation of One Health approach, and delivering quality education."

General 1	Instructions:	-
-----------	---------------	---

Gen	erai ilistructiolis: -
1	You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2	"Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, Evaluation done and several other aspects. Its' leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website etc may invite action under various rules of the Board and IPC."
3	Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one's own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class-XII, while evaluating competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.
4	The Marking scheme carries only suggested value points for the answers  These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after delibration and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6	Evaluators will mark( $$ ) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right ( $\checkmark$ ) while evaluating which gives an impression that answer is correct and no marks are awarded. This is most common mistake which evaluators are committing.
7	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and

XII\_030\_58/4/3\_Economics\_2024 # Page-**1** 

encircled. This may be followed strictly.

8	If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
9	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note "Extra Question".
10	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11	A full scale of marks 80 (example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines).
13	Ensure that you do not make the following common types of errors committed by the Examiner in the past:-
	<ul> <li>Leaving answer or part thereof unassessed in an answer book.</li> <li>Giving more marks for an answer than assigned to it.</li> <li>Wrong totaling of marks awarded on an answer.</li> <li>Wrong transfer of marks from the inside pages of the answer book to the title page.</li> <li>Wrong question wise totaling on the title page.</li> <li>Wrong totaling of marks of the two columns on the title page.</li> <li>Wrong grand total.</li> <li>Marks in words and figures not tallying/not same.</li> <li>Wrong transfer of marks from the answer book to online award list.</li> <li>Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)</li> <li>Half or a part of answer marked correct and the rest as wrong, but no marks awarded.</li> </ul>
14	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0)Marks.
15	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16	The Examiners should acquaint themselves with the guidelines given in the "Guidelines for spot Evaluation" before starting the actual evaluation.
17	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18	The candidates are entitled to obtain photocopy of the Answer Book on request on payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

	Explain the likely impacts of the given situation on the Income, Employment and Output of the economy, assuming all other factors constant.	
	Ans. Assuming all other factors constant, any increase in investments generally leads to	
	multiple increase in final income which in turn leads to increase in employment.	
	If the Indian government decides to infuse additional investment of ₹ 40,000 crore in the defence project, it would lead to increase in demand for goods and services leading to rise in output and employment, and consequent increase in income.	4

<b>(b)</b>	"In the past few decades, Indian economy has been fairly benefitted by positive externalities created by rapid rise in infrastructure."	
	Justify the given statement with valid arguments.	
	Ans. In the past few decades, Indian economy has experienced a rapid rise in	
	infrastructure. Infrastructural development is a core element in promoting economic	
	growth and attracting foreign investment for sustainable production and productivity.	3
	The benefits of infrastructural development may be enjoyed by the people without paying	
	for the same. Hence, such infrastructural development adds to the welfare in an economy	
	and creates positive externalities.

( )		
(ii)	'Government Budget can be a useful instrument in reducing inequalities in the distribution of income and wealth in an economy.'	
	Do you agree with the given statement? Present valid arguments in favour of your answer.	
	Ans. Yes. The government budget objective of 'Redistribution of Income' aims to bring	
	about equality in the distribution of income. Government can reduce inequalities of	4
	income through taxes and public expenditure. It may impose high taxes on the rich to	_
	reduce their disposable income. Furthermore, government may incur more public	
	expenditure for the welfare of the poor, like providing free services etc. By adopting these	
	measures, the government tries to bridge the gap between the rich and the poor.

28.	Discuss briefly the rationale behind choosing 'Self-reliance' as a planning objective for the	
(a)	Indian economy.	
(4)	Ans. The objectives behind self-reliance were:	
	• To reduce foreign dependence: Planning objective of 'Self-reliance' targeted to	
	promote economic growth and modernisation, the Indian five year plans in the	
	early years of post independence era stressed on the use of domestic resources in	3
	order to reduce our dependence on foreign countries.	3
	• To avoid foreign interference: In the post independence era it was feared that the	
	dependence on the imported food supplies, foreign technology and foreign capital	
	may increase foreign interference in the policies of our country.

<b>(b)</b>	"Farm subsidies put a huge burden on the government finances, but are necessary for the poor	
	and marginal farmers."	
	Justify the given statement.	
	Ans. In India, most farmers (small and marginal) may not be able to afford expensive	
	agricultural inputs without subsidies. Eliminating subsidies may increase inequalities of	
	income between rich and poor farmers. Hence, to encourage poor and small farmers to	3
	adopt the latest technology it becomes imperative to provide subsidies despite subsidies	
	being a huge burden on government finances. (To be marked as a whole)	
29.	Goals of Equity was fully served by 'abolition of the intermediaries' in agriculture in the post-	
	independence period of India.	
	Do you agree with the given statement? Support your answer with valid arguments.	
	ı	

	T. T.	
	Ans. No. The goal of equity was not fully served by abolition of intermediaries, as in some areas the erstwhile zamindars continued to own large areas of land by making use of the	
	loopholes in the legislation. There were cases where tenants were evicted and the landowners claimed to be self-cultivators. Even when the tillers got ownership of land, the	3
	poorest of the agricultural labourers did not benefit from land reforms.

33. (a) (i)	Elaborate the importance of credit in rural development.  Ans. Growth of rural economy depends primarily on infusion of capital, from time to time, to realise higher productivity in agriculture and non-agriculture sectors. As the gestation period (duration between crop sowing and realisation of income after production) is quite long, hence rural credit is required to meet their initial investment needs of seeds, fertilisers, implements, etc. Rural credit is also required for other expenses like improving soil quality, machinery, irrigation facilities, etc.	3

(ii)	'India can transform itself knowledge-based economy by using information technology.' Justify the given statement.	
	Ans. India can transform itself into a knowledge-based economy by using information	
	technology (IT). IT acts as a tool for releasing the creative potential and knowledge embedded in the society. The use of emails even by the villagers, e-governance are some indicators of such transformations. Hence, with the successful use of IT, India can move	3
	its economy to a higher growth trajectory based on knowledge landscape.

<b>b</b> )	"It is necessary to generate employment in the formal sector rather than the informal sector."	U
(b) (i)	Justify the given statement with valid arguments.	
( <del>-</del> )	Ans. In the formal sector, workers can form trade unions and are entitled to fair wages	
	and other social security measures. Whereas, workers in the informal sector do not get	
	regular income. Also, they do not have any protection or regulation from the government.	3
	Many a time, workers may be dismissed without any compensation.	
	Hence, formal sector employees are generally in a better position as compared to	
	informal sector employees. Therefore, it is essential to generate employment in the formal	
	sector rather than the informal sector. (To be marked as a whole)
