

## Series **€FGHE/C**

Set-4

प्रश्न-पत्र कोड Q.P. Code

69

परीक्षार्थी प्रश्न-पत्र कोड को उत्तर-पुस्तिका के मुख-पृष्ठ पर अवश्य लिखें।

Candidates must write the Q.P. Code on the title page of the answer-book.

## गृह विज्ञान (सैद्धान्तिक) HOME SCIENCE (Theory)

निर्धारित समय : 3 घण्टे

अधिकतम अंक : 70

Time allowed: 3 hours

Maximum Marks: 70

- कृपया जाँच कर लें कि इस प्रश्न-पत्र में मुद्रित पृष्ठ 19 हैं ।
- प्रश्न-पत्र में दाहिने हाथ की ओर दिए गए प्रश्न-पत्र कोड को परीक्षार्थी उत्तर-पुस्तिका के मुख-पृष्ठ पर लिखें।
- कृपया जाँच कर लें कि इस प्रश्न-पत्र में 35 प्रश्न हैं।
- कृपया प्रश्न का उत्तर लिखना शुरू करने से पहले, उत्तर-पुस्तिका में प्रश्न का क्रमांक अवश्य लिखें।
- इस प्रश्न-पत्र को पढ़ने के लिए 15 मिनट का समय दिया गया है। प्रश्न-पत्र का वितरण पूर्वाह्न में 10.15 बजे किया जाएगा। 10.15 बजे से 10.30 बजे तक छात्र केवल प्रश्न-पत्र को पढेंगे और इस अवधि के दौरान वे उत्तर-पुस्तिका पर कोई उत्तर नहीं लिखेंगे।
- Please check that this question paper contains 19 printed pages.
- Q.P. Code given on the right hand side of the question paper should be written on the title page of the answer-book by the candidate.
- Please check that this question paper contains **35** questions.
- Please write down the serial number of the question in the answer-book before attempting it.
- 15 minute time has been allotted to read this question paper. The question paper will be distributed at 10.15 a.m. From 10.15 a.m. to 10.30 a.m., the students will read the question paper only and will not write any answer on the answer-book during this period.

- सभी प्रश्न अनिवार्य हैं। (*i*)
- इस प्रश्न-पत्र में 35 प्रश्न हैं । (ii)
- प्रश्न-पत्र को तीन खण्डों में विभाजित किया गया है खण्ड क, ख तथा ग। (iii)
- खण्ड क में प्रश्न संख्या 1 से 18 (बहुविकल्पीय प्रश्न) हैं और प्रत्येक प्रश्न 1 अंक का है। (iv)
- खण्ड ख में प्रश्न संख्या 19 से 25 प्रत्येक 2 अंक के तथा प्रश्न संख्या 26 से 29 प्रत्येक 3 अंक (v) के हैं।
- खण्ड ग में प्रश्न संख्या 30 से 33 प्रत्येक 4 अंक के तथा प्रश्न संख्या 34 और 35 प्रत्येक 5 अंक (vi)
- कुछ प्रश्नों में आंतरिक विकल्प दिए गए हैं। (vii)
- जहाँ भी आवश्यक हो, उपयुक्त उदाहरणों के साथ अपने उत्तरों का समर्थन कीजिए। (viii)

#### खण्ड क

1.		बन एक्सप्रेस (आर.आर.ई.) किस रोग ापी अभियान था ?	के बारे	में जागरूकता उत्पन्न करने के लिए	1

#### General Instructions:

Read the following instructions carefully and strictly follow them:

- (*i*) **All** questions are **compulsory**.
- (ii) This question paper contains **35** questions.
- (iii) The question paper is divided into **three** sections – **Section A, B** and **C**.
- Section A has questions no. 1 to 18 (Multiple Choice Questions) of 1 mark (iv)each.
- (v)**Section B** has questions no. **19** to **25** of 2 marks each and questions no. **26** to 29 of 3 marks each.
- Section C has questions no. 30 to 33 of 4 marks each and questions no. 34 and (vi) 35 of 5 marks each.
- (vii) Internal choices are given in some questions.
- (viii) Support your answers with suitable examples wherever required.

#### Section A

1.		d Ribbon Express (RRE) was a nationwide campaign for generating areness about which disease?							
	(a)	Tuberculosis	(b)	Polio					
	(c)	AIDS	(d)	Diarrhoea

- 6. Identify the handicraft in the given picture and name the State where it is popular.

- (a) Channapatna dolls of Karnataka
- Puppets of Rajasthan (b)
- (c) Bamboo craft of Assam
- (d) Coconut craft of Kerala

The following question is for the **Visually Impaired Candidates**, only in lieu of Q. No 6:

Name the famous handicraft of Odisha.

(a) Shola craft (b) **Embroidery** 

(c) Stone sculpture

Warli painting (d)

69 Page **5** of **19**  $\mathcal{P}.\mathcal{T}.\mathcal{O}.$ 

7. 'चॉइस' किस देश के उपभोक्ता संघ का प्रकाशन है ?

1

- (a) संयुक्त राज्य अमेरिका
- (b) यूनाइटेड किंगडम

(c) भारत

(d) ऑस्ट्रेलिया

8. निम्नलिखित में से कौन-सा सफल उद्यमियों का लक्षण *नहीं* है ?

1

(a) लचीलापन

(b) सीखने की इच्छा

(c) जोखिम नहीं उठाना

(d) अच्छे संप्रेषण कौशल

9. निम्नलिखित का मिलान कीजिए:

1

i. क्रेच / शिशु केंद्र

1. जन्म से लेकर आठ वर्ष

ii. ऑगनवाडी

2. 2 स<del>ो</del> 3 वर्ष

iii. टॉडलर

- 3. बच्चों की वैकल्पिक देखभाल
- iv. प्रारंभिक बाल्यावस्था
- 4. आई.सी.डी.एस.

सही विकल्प चुनिए:

- (a) i-2, ii-3, iii-4, iv-1
- (b) i-3, ii-4, iii-2, iv-1
- (c) i-1, ii-4, iii-2, iv-3
- (d) i-4, ii-1, iii-3, iv-2

10. निम्नलिखित का मिलान कीजिए:

1

i. हॉलमार्क

1. रेशमी साड़ी

ii. वूलमार्क

- 2. सोना व चाँदी के आभूषण
- iii. आई.एस.आई. मार्क
- 3. कम्बल

iv. सिल्क मार्क

4. विद्युत उपकरण

सही विकल्प चुनिए:

- (a) i-2, ii-1, iii-4, iv-3
- (b) i-1, ii-4, iii-2, iv-3
- (c) i-3, ii-4, iii-2, iv-1
- (d) i-2, ii-3, iii-4, iv-1

#### केस स्टडी-आधारित प्रश्न

अनुच्छेद को ध्यानपूर्वक पिढ़ए और प्रश्न संख्या 14 से 18 तक के उत्तर दीजिए।

खाद्य सुरक्षा और गुणवत्ता घरेलू स्तर पर महत्त्वपूर्ण हैं, परंतु बड़े पैमाने पर खाद्य उत्पादन और संसाधन, यहाँ तक कि जहाँ ताज़ा भोजन बनाया और परोसा जाता है, वहाँ यह स्थिति गंभीर होती है। पुराने समय में बहुत से खाद्य पदार्थ घरेलू स्तर पर संसाधित किए जाते थे और उनकी शुद्धता चिंता का विषय नहीं होती थी। प्रौद्योगिकी और संसाधन में प्रगति, प्रति व्यक्ति आय में वृद्धि और बेहतर क्रय क्षमता के साथ-साथ उपभोक्ता की बढ़ती माँग के कारण कई प्रकार के खाद्य उत्पादों का बड़े पैमाने पर निर्माण हो रहा है जैसे — संसाधित खाद्य पदार्थ, स्वास्थ्य के लिए खाद्य/व्यावहारिक खाद्य पदार्थ। ऐसे खाद्य पदार्थों की सुरक्षा के आकलन की आवश्यकता होती है।

कच्चे और पकाए गए खाद्य पदार्थों की गुणवत्ता का संबंध जन स्वास्थ्य से होता है और इस पर ध्यान देने की आवश्यकता होती है। पिछले दशक में, पूरे विश्व के साथ-साथ भारत में भी सुरक्षा चुनौतियाँ काफ़ी बदल गई हैं और खाद्य गुणवत्ता तथा खाद्य सुरक्षा से संबंधित मामलों को अत्यधिक महत्त्व मिला है।

14.	यह आ	श्वासन कि भोजन मानव उपभोग के लिए	र्ग है,	_ कहलाता है ।	1	
	(a)	खाद्य सुरक्षा	(b)	खाद्य मानक		
	(c)	खाद्य विषाक्तता	(d)	खाद्य मूल्य		
15.	बाज़ार हैं ?	में संसाधित खाद्य पदार्थों की बढ़ती उप	लब्धता	के लिए कौन-से	कारण सहायक <i>नहीं</i>	1
	(i)	अधिक प्रति व्यक्ति आय				
	(ii)	अपमिश्रण				
	(iii)	घटती उपभोक्ता माँग				
	(iv)	उच्च मृत्यु दर				
	(v)	खाद्य प्रौद्योगिकी में प्रगति				
	सही वि	किल्प चुनिए :				
	(a)	(i), (ii), (iv)	(b)	(ii), (iii), (v)		
	(c)	(i), (iii), (v)	(d)	(ii), (iii), (iv)

#### **Case Study-Based Questions**

Read the passage carefully and answer questions no. 14 to 18.

Food safety and quality are important at the home level, but are critical in large scale food production and processing, and also where food is freshly prepared and served. In the past, many foods were processed at home and their purity was not a concern. Advancement in technology and processing, larger per capita income and better purchasing power as well as increased consumer demands have led to a variety of products of processed foods, food for health / functional foods being manufactured. Safety of such foods needs to be assessed.

Quality of food stuff, raw as well as processed is of public health concern and must be addressed. In the past decade, safety challenges faced globally as well as in India have changed significantly and issues related to food quality and food safety have gained tremendous importance.

<b>14.</b>	Assurance	that	food	is	acceptable	for	human	consumption	is	termed	as
------------	-----------	------	------	----	------------	-----	-------	-------------	----	--------	----

(a) Food Safety

(b) Food Standard

(c) Food Intoxication

(d) Food Value

**15.** Which reasons are *not* helpful for increased availability of processed foods in the market?

1

1

- (i) Large per capita income
- (ii) Adulteration
- (iii) Decreased consumer demand
- (iv) High mortality rate
- (v) Advancement in food technology

Choose the correct option:

(a) (i), (ii), (iv)

(b) (ii), (iii), (v)

(c) (i), (iii), (v)

(d) (ii), (iii), (iv)

		in the development of Food processing and technology.
		(ii) What is the importance of food processing and preservation?
		Write any three points. $2+3=$
	(b)	(i) Name any two international organisations in the area of food standards.
		(ii) How can food safety and quality be ensured at any stage of
		the food chain through Good Manufacturing Practices and
		Good Handling Practices? 2+3=
35.	'Fash	ion moves in a cycle.' With reference to this statement, briefly
	expla	in the five stages of Fashion Cycle. $1 \times 5 =$

# Marking Scheme Strictly Confidential

(For Internal and Restricted use only)

Senior Secondary School Supplementary Examination, 2023 SUBJECT NAME -HOME SCIENCE (SUBJECT CODE -064) (PAPER CODE-69)

Gen	eral Instructions: -
1	You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2	"Evaluation policy is a confidential policy as it is related to the confidentiality of the examinations conducted, evaluation done and several other aspects. Its' leakage to public in any manner could lead to derailment of the examination system and affect the life and future of millions of candidates. Sharing this policy/document to anyone, publishing in any magazine and printing in News Paper/Website, etc. may invite action under various rules of the Board and IPC."
3	Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one's own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. However, while evaluating, answers which are based on latest information or knowledge and/or are innovative, they may be assessed for their correctness otherwise and due marks be awarded to them. In class-XII, while evaluating two competency-based questions, please try to understand given answer and even if reply is not from marking scheme but correct competency is enumerated by the candidate, due marks should be awarded.
4	The Marking scheme carries only suggested value points for the answers These are in the nature of Guidelines only and do not constitute the complete answer. The students can have their own expression and if the expression is correct, the due marks should be awarded accordingly.
5	The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. If there is any variation, the same should be zero after deliberation and discussion. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluators.
6	Evaluators will mark ( $$ ) wherever answer is correct. For wrong answer CROSS 'X" be marked. Evaluators will not put right ( $\checkmark$ ) while evaluating which gives an impression that answer is correct and no marks are awarded. <b>This is most common mistake which evaluators are committing.</b>
7	If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the left-hand margin and encircled. This may be followed strictly.
8	If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This may also be followed strictly.
9	If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer scored out with a note "Extra Question".
10	No marks to be deducted for the cumulative effect of an error. It should be penalized only once.

11	A full scale of marks <b>70</b> (example 0 to 80/70/60/50/40/30 marks as given in Question Paper) has to be used. Please do not hesitate to award full marks if the answer deserves it.
12	Every examiner has to necessarily do evaluation work for full working hours i.e., 8 hours every day and evaluate 20 answer books per day in main subjects and 25 answer books per day in other subjects (Details are given in Spot Guidelines). This is in view of the reduced syllabus and number of questions in question paper.
13	<ul> <li>Ensure that you do not make the following common types of errors committed by the Examiner in the past: -</li> <li>Leaving answer or part there of unassessed in an answer book.</li> <li>Giving more marks for an answer than assigned to it.</li> <li>Wrong totaling of marks awarded on an answer.</li> <li>Wrong transfer of marks from the inside pages of the answer book to the title page.</li> <li>Wrong question wise totaling on the title page.</li> <li>Wrong totaling of marks of the two columns on the title page.</li> <li>Wrong grand total.</li> <li>Marks in words and figures not tallying/not same.</li> <li>Wrong transfer of marks from the answer book to online award list.</li> <li>Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is</li> </ul>
	<ul> <li>correctly and clearly indicated. It should merely be a line. Same is with the X for incorrect answer.)</li> <li>Half or a part of answer marked correct and the rest as wrong, but no marks awarded.</li> </ul>
14	While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and awarded zero (0) Marks.
15	Any un assessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16	The Examiners should acquaint themselves with the guidelines given in the "Guidelines for spot Evaluation" before starting the actual evaluation.
17	Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18	The candidates are entitled to obtain photocopy of the Answer Book on requeston payment of the prescribed processing fee. All Examiners/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out strictly as per value points for each answer as given in the Marking Scheme.

35.	'Fashion moves in a cycle'. With reference to this statement, briefly explain the five stages of Fashion Cycle.	
	the five stages of rushion cycle.	

5

#### Five stages of Fashion Cycle-

- 1. Introduction of a Style Designers interpret their research and creative ideas into apparel and then offer the new styles to the public.
- 1X5=5
- 2. Increase in Popularity As the new fashion is purchased, worn and seen by many people, it may begin to rise in popularity.
- 3. Peak of Popularity When a fashion is at the height of its popularity, it may be in such demand that many manufacturers copy it or produce adaptations of it at different price levels.
- 4. Decline in Popularity Eventually so many copies are mass produced that fashion-conscious people tire of the style and begin to look for something new. These declining styles are put on sale racks in the retail stores.
- 5. Rejection of a Style or Obsolescence In the last phase of the fashion cycle, some consumers have already turned to new looks, thus beginning a new cycle.

Five stages with brief explanation
