

# Ecosystem

## Set – 1

**Q1. What does the following diagram represent?**

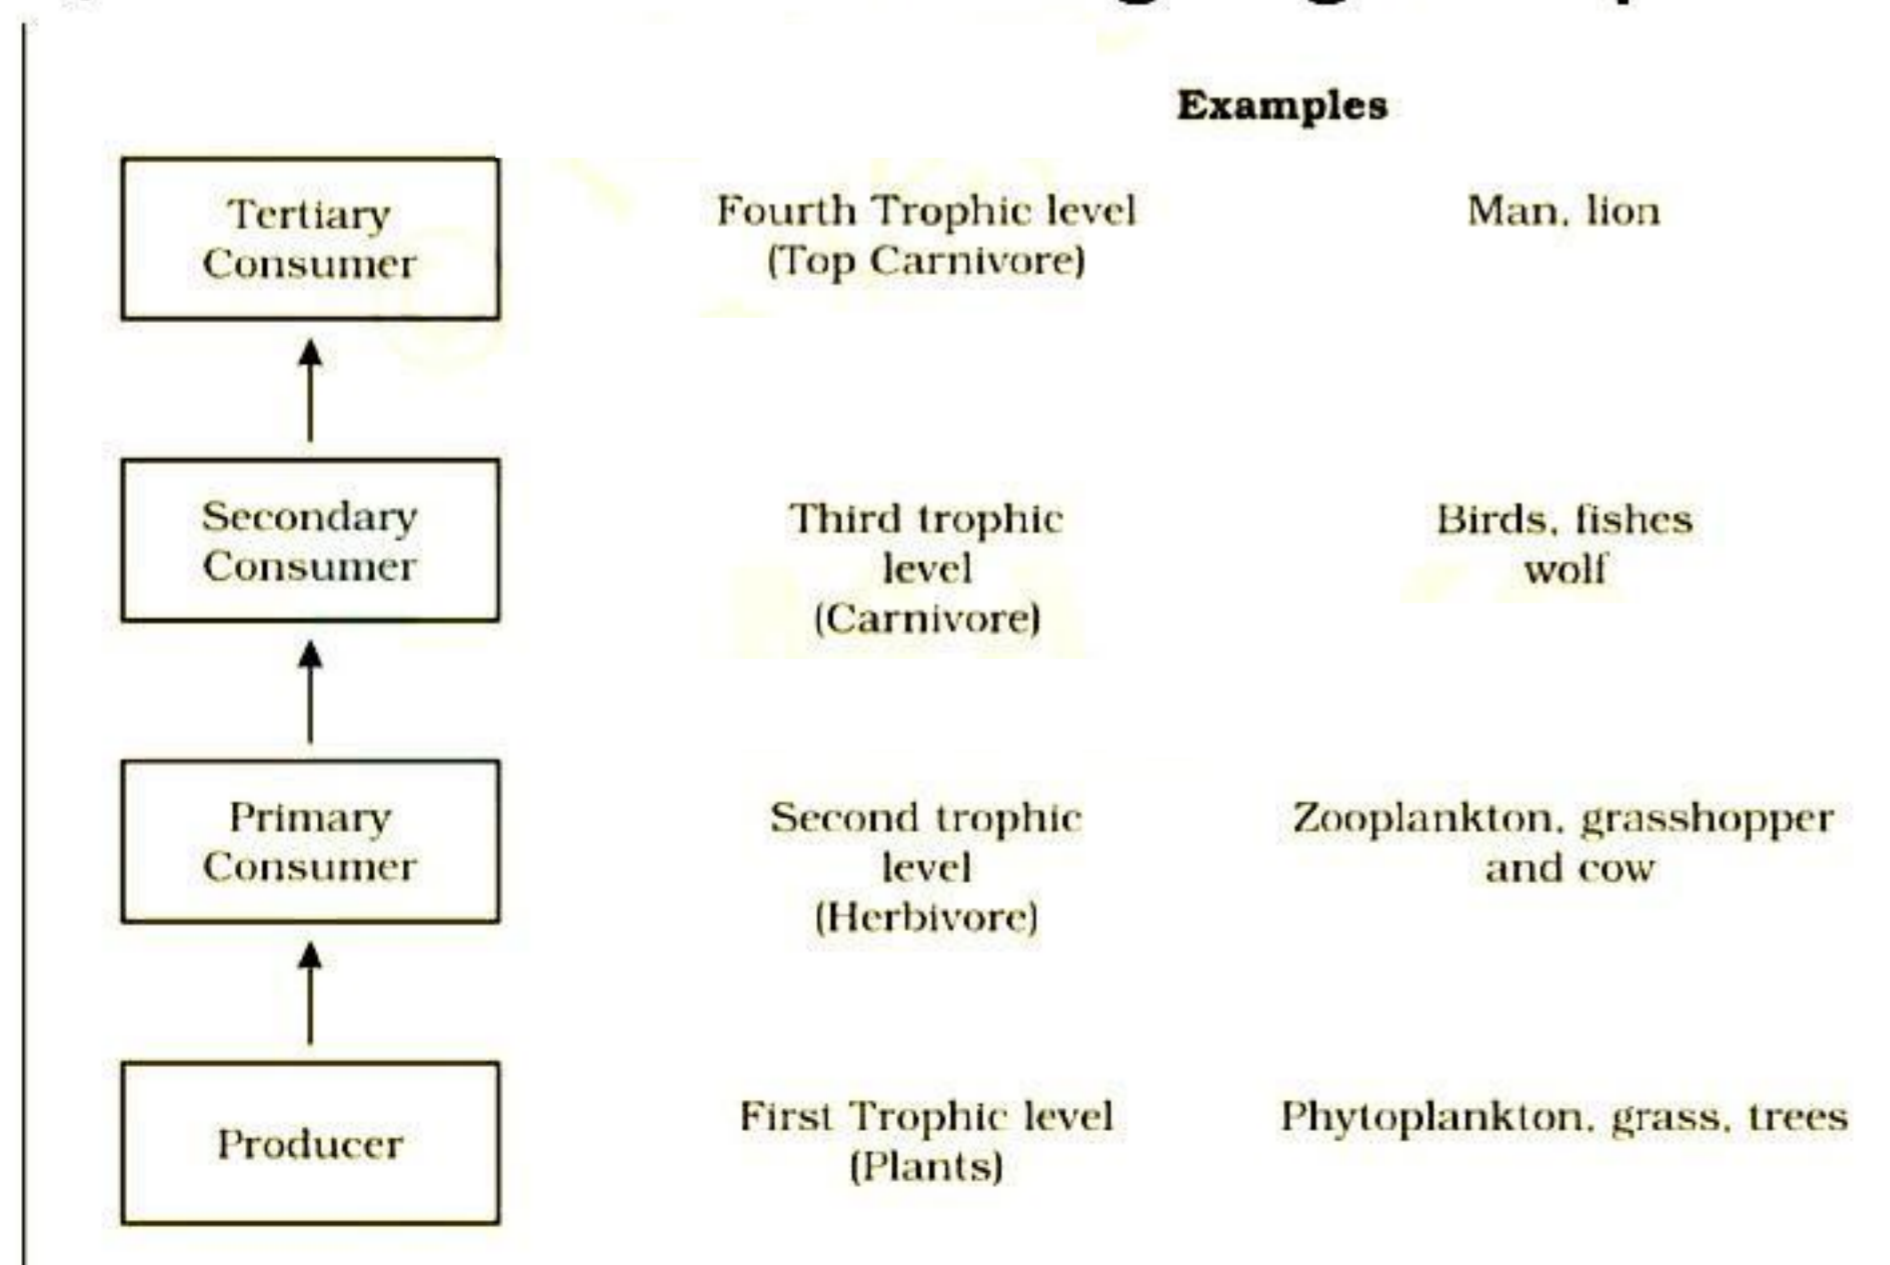

- A. Nitrogen Cycle
- B. Decomposition Cycle
- C. Mineralisation
- D. Energy Flow

**Ans. (B)**

## Set – 2

**Q1. What does the following diagram represent?**

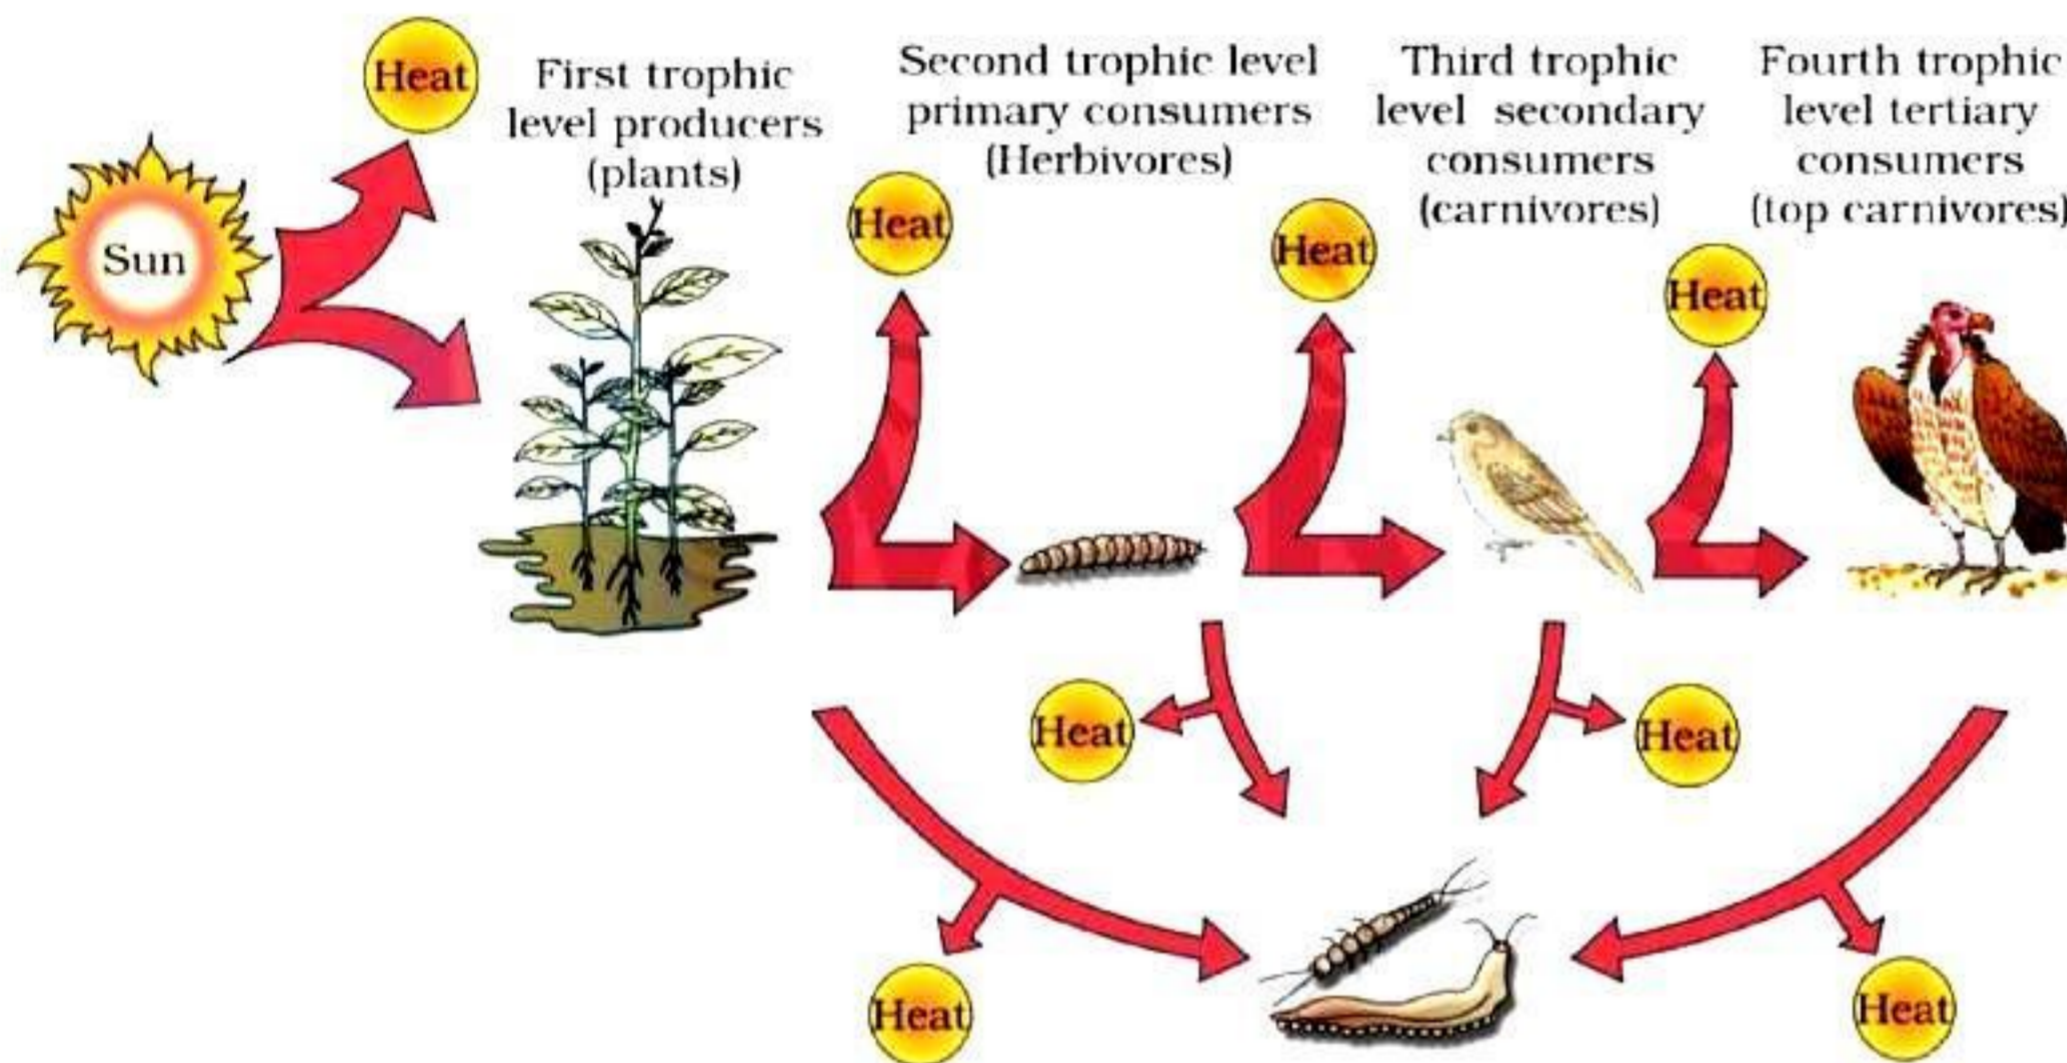

- A. Trophic Levels
- B. Energy Cycle
- C. Productivity Levels
- D. Decomposition levels

Ans. (A)

### Set – 3

Q1. What does the following diagram represent?

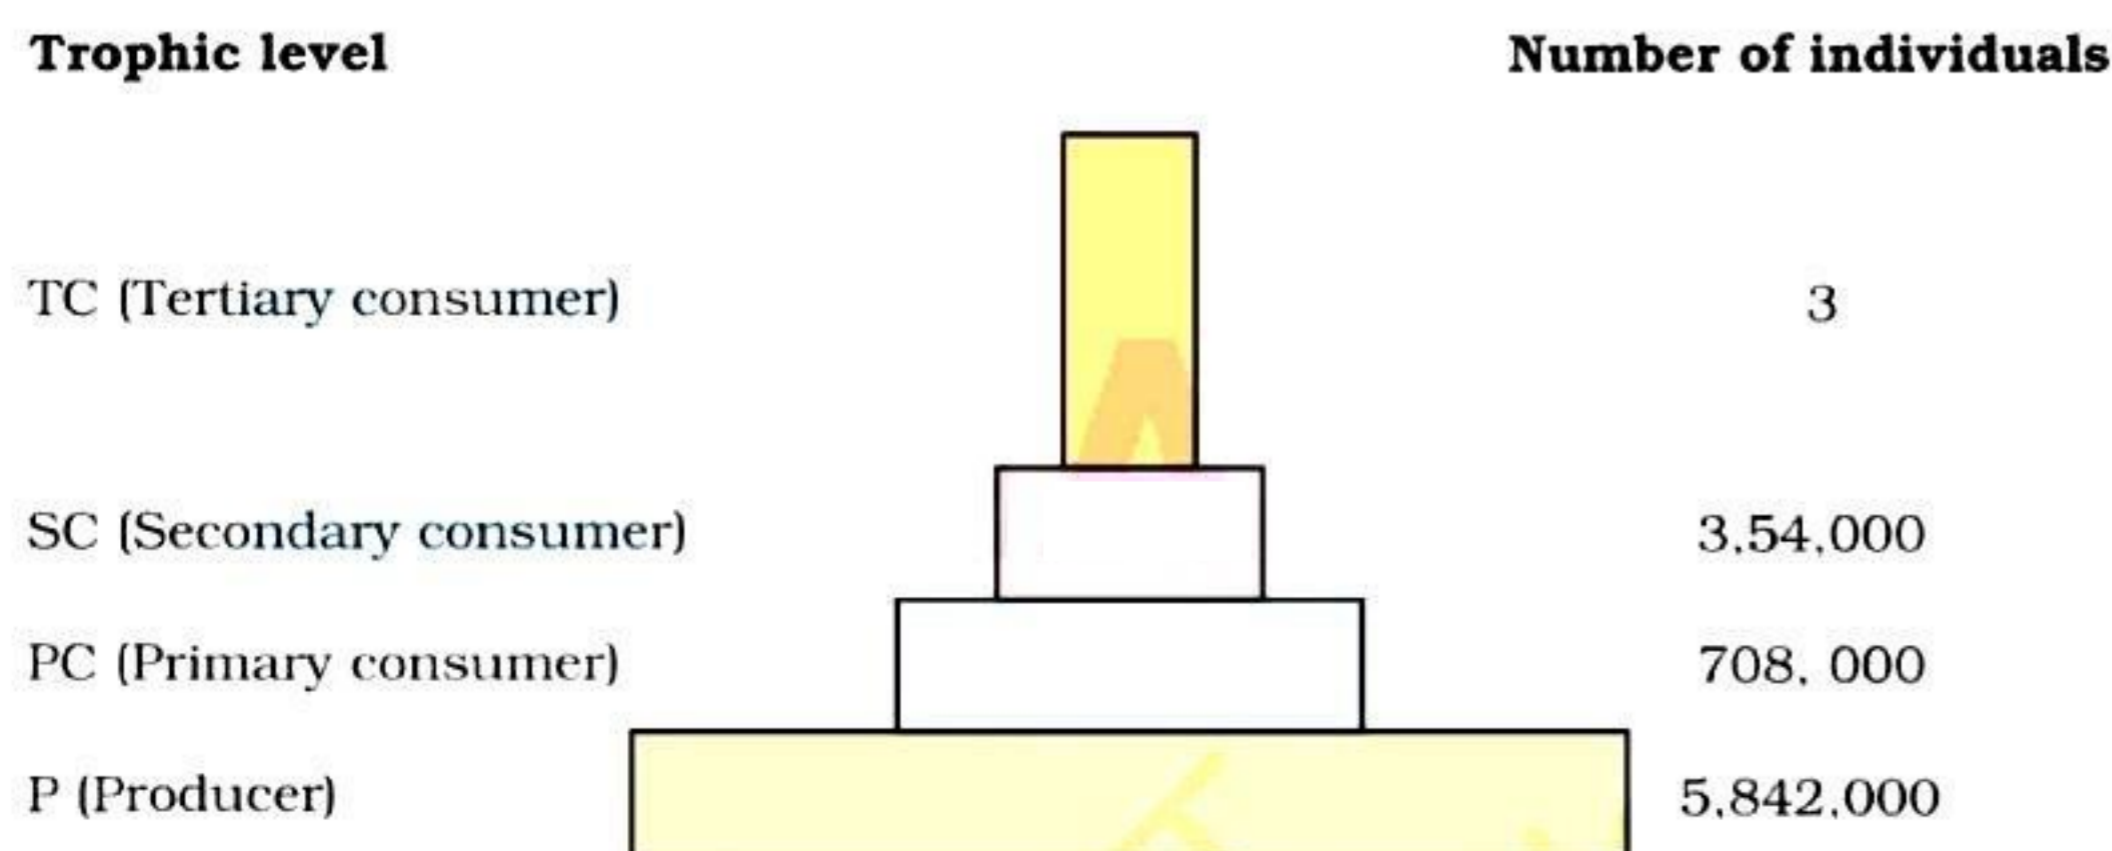

- A. Trophic Levels
- B. Energy Flow
- C. Productivity Levels
- D. Decomposition levels

Ans. (B)

### Set – 3

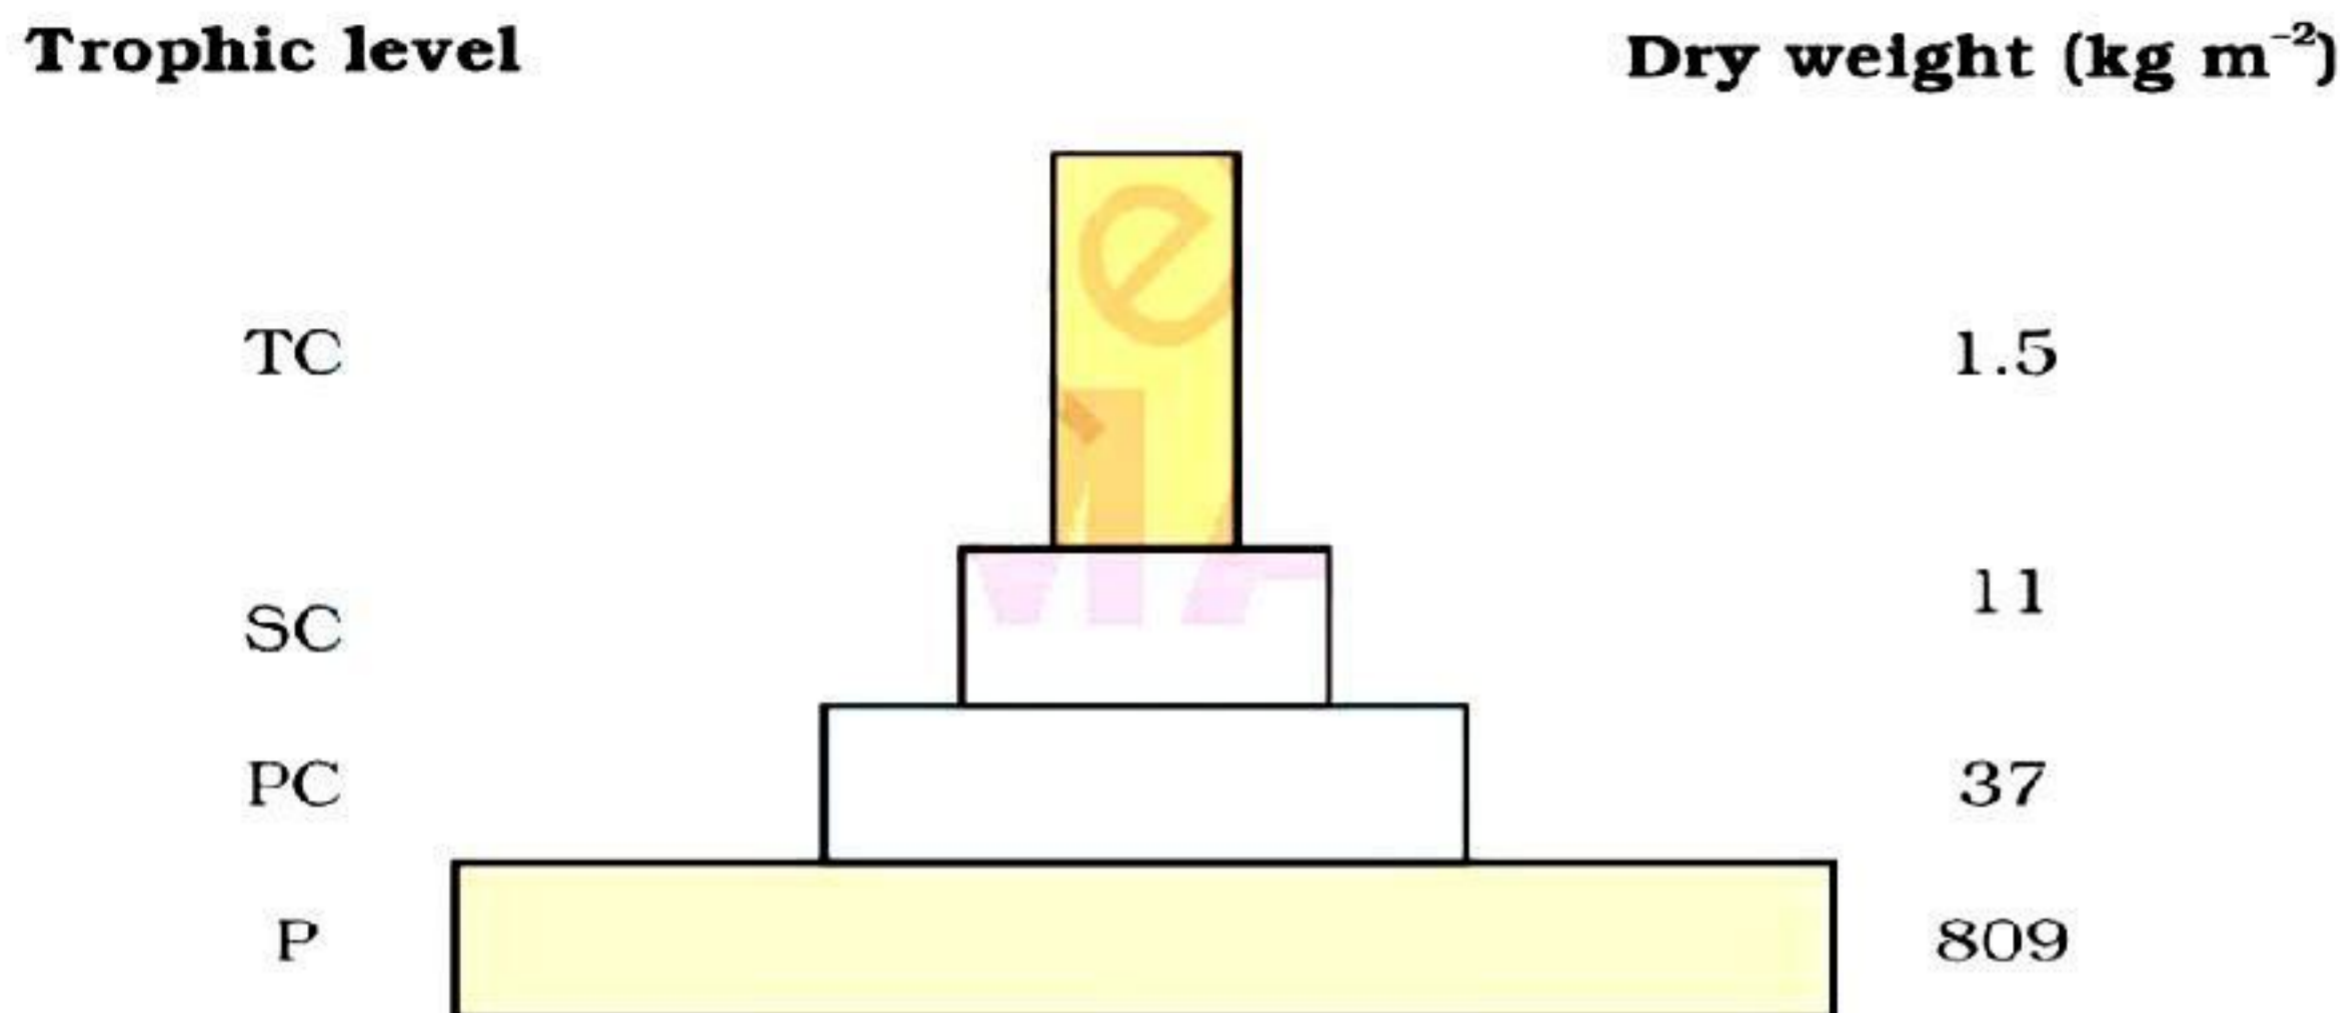

Q1. What does the following diagram represent?

- A. pyramid of numbers
- B. pyramid of biomass
- C. pyramid of energy
- D. none of the above

Ans. (A)

Q2. What does the following diagram represent?

- A. pyramid of numbers
- B. pyramid of biomass
- C. pyramid of energy
- D. none of the above

Ans. (B)

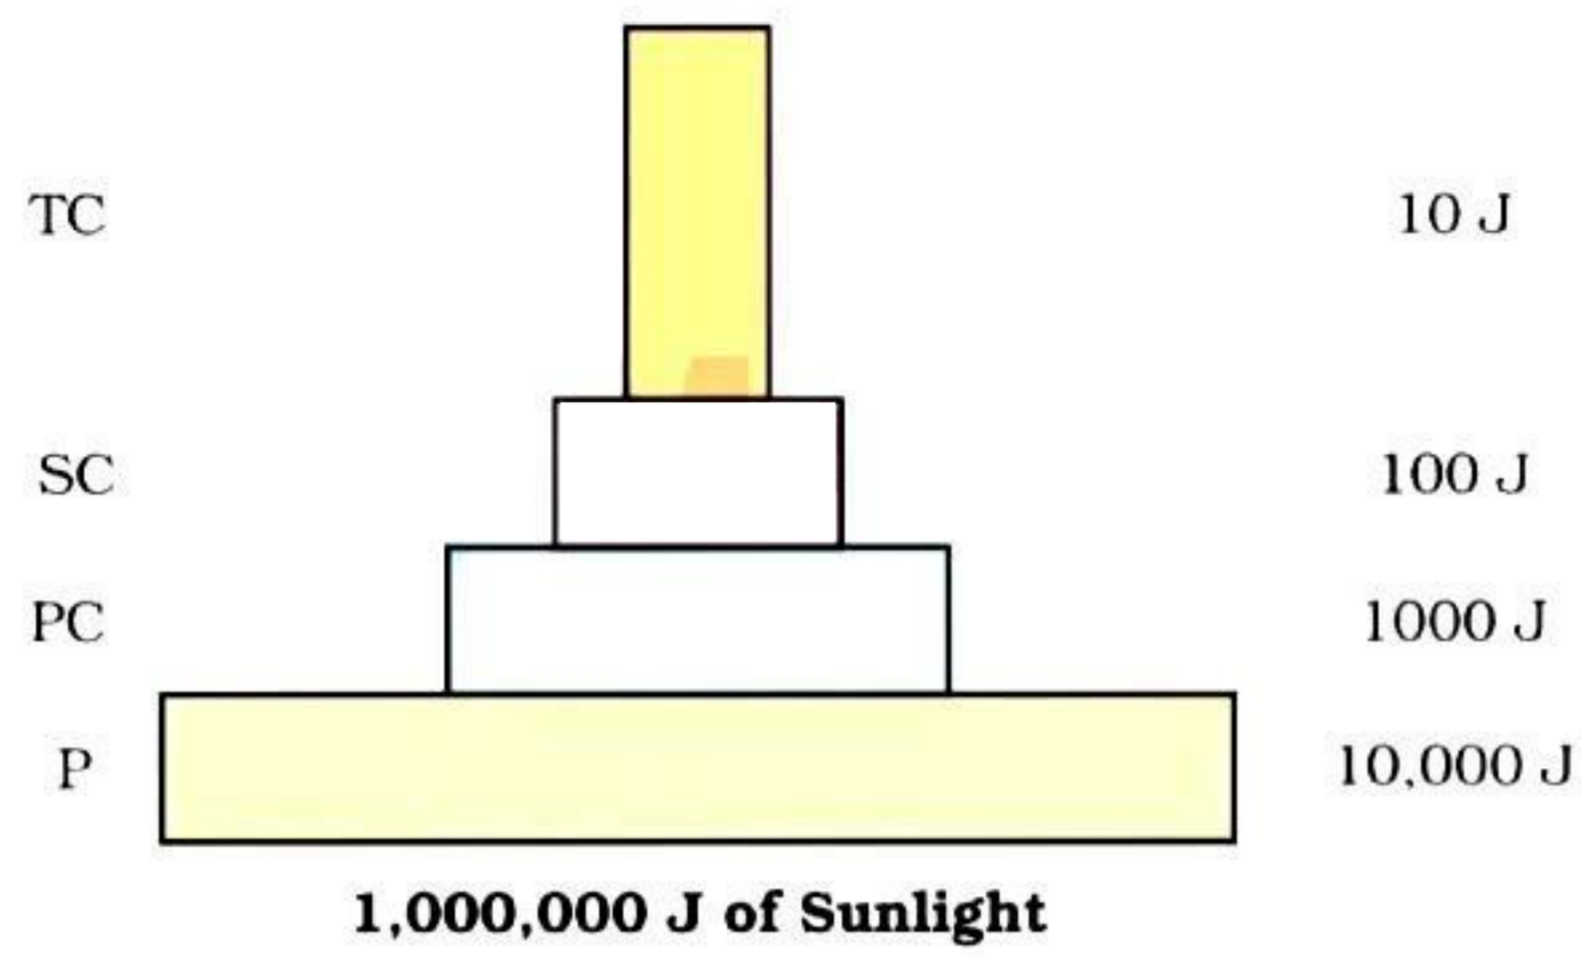

Q3. What does the following diagram represent?

- A. Inverted Biomass Pyramid
- B. Inverted Number Pyramid
- C. Inverted Energy Pyramid
- D. None of the above

Ans. (A)

Q4. What does the following diagram represent?

- A. pyramid of numbers
- B. pyramid of biomass
- C. pyramid of energy
- D. none of the above

Ans. (C)
