Animals: Amazing Facts

Dolphins sleep with one eye open at all times.

Polar bears have hair on the soles of their feet to prevent them from slipping on the ice.

A gorilla sticks its tongue out to show anger.

A horseshoe crab is the only animal that chews its food with its legs.

A hummingbird is the only bird that can fly backwards. Like a helicopter, it is also able to fly up and down and it can hang in mid-air.

Rats can survive longer without water than camels.
