

## **WORKSHEET NO - 5**

**NAME :**  
**CLASS : VI**  
**CHAPTER: MAGNETISM**

**GRADE:**  
**SUB: PHYSICS**  
**DATE:**

**1. Explain the Induction method.**

---

---

---

---

**2. Explain the Double touch method.**

---

---

---

---

**3. Why is Magnetic force at the poles maximum.**

---

---

---

---

**4. What is the Directive property of a magnet?**

---

---

---

---

**5. Magnetic poles always occur in pairs.**

---

---

---

---

**6. State the uses of magnets.**

---

---

---
